

TIME SENSITIVE opportunity: Feedback to OHA on Summer Camp Guidelines

May 4, 2020

We received this [draft document](#) on Summer Camp Guidance for reopening a few moments ago and wanted to share it with all of you as quickly as possible.

We recognize that safety is of the utmost importance to all. And, we know that summer camps are important to children and parents -- as well as all of you.

PLEASE take a few moments to review the document and share any feedback with the Oregon Health Authority, especially any innovative solutions, ideas, or guidance on differences that you may see between being able to safely operate an outdoor camp facility from an indoor childcare facility.

The document states that all feedback must be provided by noon today. **They have agreed to accept feedback through 5pm but, have encouraged anyone with additional feedback to share it as soon as possible.**

Feedback can be shared directly with Alyssa Chatterjee at: Alyssa.M.Chatterjee@oregon.gov

Be well!
